The Jon Buoy Inflatable Horseshoe is a direct replacement for the traditional horseshoe lifebuoys. Available in single or double versions, these compact units come fitted with an oral tube, drogue, retro-reflective tape, and an automatic inflation system as standard. An automatic light is an optional extra that can be fitted to the horseshoe. Comes with option of hard case or soft case.

The Horseshoe hard case, offers a more ergonomic and streamline design for improved deployment and manoeuvrability.
